

REDCLIFF REVIEW

VOLUME 2

REDCLIFF, ALBERTA, FRIDAY, APRIL 5, 1912.

NUMBER 14

TELEPHONE EXCHANGE

One to Be Installed Here Shortly Says the Officials.

Mr. A. J. Richards, superintendent of the Provincial Telephone system, N.B. Morris, also one of the officials, and A. W. Thomas, district manager at Medicine Hat, were in Redcliff Monday afternoon investigating the telephone situation in this city. A meeting of the business men of Redcliff was held the same afternoon at the Realty Company's office and the telephone situation was talked over with these gentlemen. After learning from them what the rate would be it was the unanimous opinion of those present that a central office here would be the most satisfactory, and Mr. Richards promised that this would be put in very shortly. He also informed those present that a man would be here in a few days to make contracts with all those who wished telephones and after the necessary contracts were procured a central office would be installed here. The following will be the new rates, each subscriber to have a private line.

Business telephone, wall, \$24 per year.
Business telephone, desk, \$26 per year.
Residence telephone, wall, \$13 per year.
Residence telephone, desk, \$17 per year.

The above rates for business telephones is within one-half mile of the exchange, and for residence three-quarters of a mile, outside of which \$4 a year extra will be charged for each quarter of a mile.

The exchange will be open from 8 a. m. to 8 p. m. on all business days, from 10 to 12 a. m. and from 2 to 4 p. m. on legal holidays, and from 2 to 4 p. m. on Sundays. A toll of 10 cents will be charged between here and the Hat for a three minutes service. When there has been 70 telephones installed we will have a night and day service and the toll will be extended to one mile and those who would be out of the proposed half mile limit at present would have their rate reduced.

Mr. Thomas Promoted.
Mr. A. W. Thomas, district manager of the Provincial Telephone system at Medicine Hat has been promoted, and will be come district manager at Lethbridge. He will leave shortly to take charge of that district. This is a deserved promotion for Mr. Thomas and he leaves this district with the best wishes of all who knew him.

New Residence.
P. H. Armstrong started to excavate Monday for the building of a five-room frame house on First street, about 150 feet north of the Sellhorn residence. It has been hinted around town this week that "Bob" is to be married shortly but that the girl is nobody knows but "Bob" and he won't tell.

Fined \$25.00.
New Orleans, April 2.—(Dissemination of \$25000 were awarded yesterday against the American Tobacco Company by the jury in United States District court in the anti-trust suit through the People's Tobacco Company of New Orleans, for alleged conspiracy to destroy competition.

BREVITIES

Measrs. H. O. Wheeler and W. T. Lockwood left Sunday night on a business trip to Montana. They arrived home Friday morning.

The ice went out of the river Monday night between 6 o'clock and midnight. Tuesday morning the river was clear but the bank was piled up along the banks.

Farmers started plowing this week, several steam plows having been taken out, and if the present weather keep up, seeding ought to start in about 10 days.

Mrs. James Sinclair, arrived from Scotland, last Sunday night to join her husband, who is employed by the Brick & Coal Company.

Mr. and Mrs. Alex Mullen, of Saskatoon, Sask., arrived here last week and will make Redcliff their future home. Mr. Mullen will be employed by the Brick & Coal Company as a carpenter.

Wm. Demerest, of Rouleau, Sask., arrived in Redcliff Monday, which he is to take north over land into the new settlement, about 70 miles north of here. Mrs. Demerest arrived Wednesday night.

Mr. R. J. Simpson, of Philadelphia, Penn., arrived in Redcliff Wednesday. Mr. Simpson is a millwright by trade and expects to be here for some time. He went to work for McLaughlin & McLean.

SPORTS.

Foot Ball Meeting.
At a business meeting of the Foot Ball Club held at the school house Monday night, it was voted to order the ball and it is expected that they will be here by the end of the week. Subscribers have already been given by several of the citizens and everything looks favorable for a successful foot ball team.

Baseball Club Organized.
At a meeting held at the Redcliff Hotel Wednesday night by the young men of the north end a baseball club was organized, and a game between the north and south end will be played Sunday afternoon. The members of the north end team are as follows:

H. A. Ireland, captain; H. M. Sampson, R. K. Colter, Dr. R. W. Brown, A. J. Nicholson, R. W. Brown, A. McDonald, Duncan McLaughlin, Cecil Hall, Donald McLaughlin, Chas. Davidson and E. C. Daniels.

W. H. Hatcher, of the Review, was selected as umpire. "For Heaven's sake, Muttie, be reasonable" with the umpire.

Jeanette Beat Jones.
New York, April 1.—Joe Jeanette, the Hoboken heavyweight, so far outclassed Fritz Jones tonight that the referee stopped what had been scheduled to be a 10-round bout in the fourth round. Jones showed up fairly well for two rounds, but in the third was knocked down several times and a knockout was in sight when the referee waved Jeanette back to his corner.

CERTIFICATE RECEIVED

Incorporation Papers of New Ornamental Iron Works Received From Edmonton.

The certificate of incorporation for the new manufacturing plant for Redcliff was received from Edmonton this week. The name of the new concern will be the Alberta-American Ornamental Iron Works, Limited. Several carloads of the machinery is on way and one of the new buildings are soon to be erected.

To Drill Wells.
The Redcliff Realty Company have closed a contract this week to drill some wells in Northern Montana, prospecting for oil. The drill at Medicine Hat will not be moved from this district but will be brought to Redcliff in the near future.

New Spurs Finished.
The work of laying the new spur tracks in the yards of the Brick & Coal Company was finished Thursday and the company now has much better facilities for shipping.

MANY COMING WEST

Immigrants Journey North and West From Minneapolis by Trainloads.

Five trainloads of immigrants' effects with colonists accompanying them, left for the north west Monday night and Tuesday. The Soo line will take two trains, and the Great Northern, Northern Pacific and Milwaukee, each one train. Settlers and their effects will go to nearly every part of the northwest. Fifty or sixty cars will be taken north by the Soo, one train to be turned over to the Canadian Pacific and the other to the Canadian Northern and Grand Trunk Pacific en route to west Canadian ports. The colonist season, which opened with a big movement, is keeping up well, and the railroad traffic officials say the new comers are people of more means, generally speaking, than used to come, and that most of them are going to raise crops this year.

Arthur S. Savill.
Mr. Arthur S. Savill, of Calgary, applied in Redcliff Monday night and will be employed as a clerk at the Redcliff Hotel. He came to Canada from England about five years ago for his health. Mr. Savill is an expert draughtsman, both architectural and mechanical, and will devote his leisure time to this work.

BUILDING NEW KILNS

The Redcliff Clay Products company started the erection of six new kilns last Tuesday morning. Each one of these kilns will have a capacity of 30,000 bricks. When these are finished this company will have nine, with a capacity of about 600,000 brick.

WAR INSURANCE JUMPS

London, April 4.—The Times this morning says that some inquiries yesterday at Lloyd's for rates on insurance to cover the risk of an outbreak of war between certain great European powers. Six per cent was paid to insure against the war breaking out between Germany, France and Great Britain within 12 months. This rate compares with four per cent quoted on a similar risk in the middle of last year.

Frank Weston Dies.
Frank Weston, property and editor for years of the Canadian Churchman, died Thursday of this week at Toronto, aged 70.

Standing of the Pupils

School closed Thursday afternoon until next Tuesday morning. The following were the marks obtained by the pupils of grades four, six and eight during the past week and the standing of the pupils in Miss Gordon's room for the past month:

GRADE FOUR.	
Ralph Clare	Arith. 78.
Hasel Current	70.
Marion Miller	65.
Clarence Clare	58.
Ross McKay	55.
Joseph Hildall	50.

GRADE SIX.	
Blanche McKay	Can. His. 10.

GRADE EIGHT.	
Tana Lavell	Can. His. 85.
Eldo Clark	75.
Edythe Broadfoot	55.
Violet Henderson	50.

The following is the honor roll for March in Miss Gordon's room:

- PRIMARY CLASSES.
1. John Wolf
 2. John McLaughlin
 3. Blanche Current
 4. Marion Miller
 5. Freda Torrie
 6. Agnes McLaughlin
 7. Violet Henderson
 8. Gladys Curran
 9. Helen McLaughlin and Ruth Stron
 10. Natalie Learmonth
 11. Tommy Dodge
 12. Olive Bisset
 13. Bert Forscutt
 14. Sibbie Shortall
 15. Lawrence Newson.

- GRADE TWO.
1. Vera Crook
 2. Ella Clark
 3. Willie Clark
 4. Lily Seaman
 5. Nora Current
 6. Viola Henderson and Ward Henderson
 7. Clyde Scott
 8. Thora Scott
 9. George Smithson
 10. Elsie Carter

Church Supper

The Ladies' Aid of the Presbyterian church will give a supper Thursday evening, April 18, at the residence of Mr. and Mrs. C. W. White. There will be a small charge of 25 cents and all those interested in church work are expected to attend and make it a success.

SCOTT'S SHIP REACHES NEW ZEALAND

A special dispatch to the Marlborough Free Press from Lyttelton, New Zealand, under date of April 3, says the Turra Nova, in which Captain Scott went into the Antarctic, arrived there on that day and was berthed undamaged.

Amundsen at Sydney.
SYDNEY, N. S. W., April 3.—Captain Amundsen, discoverer of the South Pole, arrived here today and was given a hearty welcome.

Two to One For Union

The Church Union committee of the Presbyterian church in Canada met in Toronto last Wednesday afternoon and received reports showing the total vote cast was as follows: Eldership, 2,450 for Union, 2,475 against members, 106,735 for, 46,375 against; adherents, 37,175 for, 14,174 against. Ninety per cent of the elders, and 54 per cent of the members voted. The reports showed the pressing the opinion that the lay vote for the organic union demanded definite action toward closer union, although the strong minority vote indicated that organic union was not feasible at present.

IMPORTATION OF CREAM

Manitoba Getting a Large Amount of Milk and Cream From the States.

The importation of milk and cream into Manitoba from the United States is another strong argument in favor of mixed farming, and, particularly dairying.

The scarcity of milk in Winnipeg has necessitated the sending to the United States dairymen for needed supplies, and the city has been receiving 600 to 1,000 pounds of cream daily, besides large shipments of milk. The Winnipeg dairies are even now employing buyers to travel the country and purchase supplies for cash.

A similar condition exists about Edmonton, Calgary and Lethbridge, as well as other cities in the Province of Alberta, and the milk problem will become a serious one in time unless more farmers go into dairying.

The attention of the farmers of Western Canada is being called to the positive necessity for mixed farming by the International Dairymen's Congress. At its big convention to be held at Lethbridge, from October 15 to 20, the features will be addresses and discussions on mixed farming by some of the world's most distinguished dairymen and agricultural experts.

The grain farmer only gets a pay-day once a year—and some years the paymaster doesn't come around at all—while a dairy is a constant source of revenue. Winnipegter's crops fail, the prospects with a long severe winter ahead, are generally dim, but the farmer who has a few cows and other live stock doesn't have to worry—he's on a steady payroll.

LAFOLLETTE IS TRIUMPHANT

Carries the State of Wisconsin in Presidential Primaries.

The returns of Wisconsin's first presidential primary election which was held last Tuesday, show that United States Senator Robert M. La Follette has a big lead over President Taft in the Republican ticket, and that Woodrow Wilson, of New Jersey, is a sure winner over Champ Clark, of Missouri.

The vote for president was merely advisory, the real contest being for delegates in the national conventions of the two main political parties. Senator La Follette appears to have secured a solid delegation, although the chief manager of the Taft campaign, states that his latest reports indicate the possibility of the president having secured delegates in the sixth district. Everything aside from this has gone La Follette's way, unless the delegates at large.

Wilson appears to have led Clark in almost every district, but there seems to be some hope of Clark securing the sixth district delegates, that section being the home of former Congressman Chas. H. Wells, who conducted Clark's campaign throughout the state.

Condemns Canadian Conditions

LONDON, April 4.—Today's Truth says the British Colonials were badly shaken when reciprocity was defeated and a Conservative government came into power at Ottawa, but they did not realize, and seem not to realize even now, that the British government must pay for the French-Canadian Nationalists' support. Nobody outside the government has the faintest idea what it is to be substituted for the naval service act.

It seems certain it will be nothing of any value to Britain, if the French-Canadian Nationalists can maintain their hold on the Borden government.

PREMIER BORDER TAKES HOLIDAY

OTTAWA, April 4.—The premier leaves tomorrow for New York and his trip will be away for two weeks. During his absence Hon. G. B. Foster will be acting premier. Other ministers will disappear to their several homes for the Easter holidays and there is not likely to be a full sitting of the cabinet until the middle of the month.

WHAT TO SAY ABOUT REDCLIFF

Redcliff is situated on the main line of the C. P. R., 173 miles east of Calgary, on the banks of the Saskatchewan river.

Natural gas is probably Redcliff's first and greatest asset—meeting the requirements as great a demand as may be made for manufacturing purposes.

Working coal mines on both sides of the river, and immense deposits cropping out yet unexplored.

Brick and other clay products are manufactured extensively and additional enterprises for this line of industry are in contemplation.

The business houses and residences are practically all of brick—bime product.

Slits sands abound, tests of which have proven an excellent quality for glass making.

Industrial sites are donated to new enterprises.

Surrounding territory is in the heart of Alberta's wheat belt, and there are no more prosperous farmers in the world than here.

REDCLIFF ALREADY HAS

A flour mill that will grind 78,000 bushels of wheat per month or 936,000 bushels per year.

A well equipped foundry, machine shop and planing mill in operation.

Two plants for making brick and clay products, the demand for which is increasing constantly.

One protestant church.

A fine, new, thoroughly modern brick school house.

An excellent gas lighting system, and mains laid throughout the city.

An assessed valuation of more than half a million and a municipal tax levy of eight mills.

As fine a three-story modern brick hotel as there is in the west.

A perfect system of water works, water pure as the mountain springs.

All this has been accomplished in two years' time.

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of the homesteader.

Twelve-six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his home stead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

Coal—Coal mining rights may be leased for a period of twenty-one years renewable at an annual rental of \$1 per acre; not more than 2,000 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the irretrievable coal mined.

FRIDAY, APRIL 6, 1912.

STREET CROSSINGS.

Something should be done to make the street crossings more easily crossed by vehicles. Some of the board crossings are from two to four inches above the roadway. A few loads of dirt placed on the sides of these crossings would make traveling much easier about town and would cost practically nothing, as the dirt could be taken from excavations being made for new buildings.

We did not go to press this week until Saturday morning because of Good Friday, but published under that date so as to keep our publication day regular.

More Americans Fewer English

OTTAWA, April 5.—Officials of the immigration branch say that the total American immigration to Western Canada will exceed last year's figures by about 40,000. By the time the season closes it is expected that fully 175,000 will have entered the Dominion. On the other hand, owing to the coal strike and other causes, there is a falling off in the arrivals from the British Isles.

Appointed Collector.
Mr. D. B. Ware, editor of the Medicine Hat Times, has been appointed collector of customs to succeed Chester Fraser, who held the office under the Laurier administration.

NOTICE!

To the people of Redcliff: I have the agency for Redcliff town lots. Can sell same price as township owners. Any business you bring or send our way will be highly appreciated.
